

Upon enrollment all students receive a copy of the Student Handbook, which includes a section on HPTC's Crime Awareness Policy with the current Campus Security Report. Detailed information is also found in the Student Disclosure Notice and is available in the Student Services, Financial Aid Office, and on this website. In addition to being informed about campus security during orientation and with periodical updates, on or before October 1st of each year, HPTC publishes and distributes an annual Campus Security Report to all enrolled students and current employees. A paper copy of the report is available upon request in the Financial Aid Office. You can also access the full report at <https://ope.ed.gov/campussafety/#/>.
