

Multimedia Program

Career Opportunities

- Video Editor
- Video Production Assistant
- Video Game Designer
- Game Programmer
- Promotional Coordinator

Multi-Media

The Multi Media Program at HPTC helps students explore the creative and technical aspects of integrating text, graphics, animation, audio, scripting, coding, motion capture and video to produce engaging multi-sensory experiences. The class offers hands on applications, up to date equipment and technology.

This prepares students to edit raw video camera footage into a final product. Develops their skills in Video Production and Video Game Production. Helps them gain real world experience through community oriented projects and competitions.

Starting Salary Range:
\$10 - \$15 per hour

Who Can Enroll:
High School Juniors and Seniors
Post-Secondary Students

College Credit:
Cowley County Community College
